Call to Order - Chair
Invocation – Steve
Review and Approval of September 1, 2026 Agenda – M/S/A

Projects Update

• N/A

Other Business

- **BOC Budget Approval**- BOC's budget meeting: we were approved for funding, as in previous years.
- **Check for County**- Health Department Check has been delivered to the county.
- **Future Meeting location for DAJC**- This will be our last meeting at the Hospital Annex; this is due to safety concerns with entering and exiting the hospital parking. I will work with the County Manager to identify a new meeting location.
- **DAJC Website**- Discussed changes that have been made to the DAJC website. Please review and provide feedback on any further adjustments needed.
- **BOC Work Session –** Please review your calendars, identifying a few days you are available to participate in a called work session with the BOC. This will be an opportunity to conduct a mid-level review of the existing 5-year comprehensive plan and receive guidance from the BOC on what they would like us to attract.

Miscellaneous • Per request from the city, I have removed the so-called "Mega site" from each of the 4 site selection websites. I plan to provide the link to each site selection website to the BOC at our work session.

Executive Session Needed

Adjourn-Next Meeting October 6, 2026
